

RSC CMP POKER SHOOT

This match will follow the rules shown below:

1. Any rifle, any caliber (no magnums, please). Any sights or barrel weight are allowed. Any type of rest or sling is allowed. Any (safe) trigger pull weight is allowed. A functioning safety is required.
2. Shooters may choose to fire a LINE at 100 yards using Iron Sights, at 200 yds using Scoped Rifles (9X MAXIMUM). Use of spotting scopes (other than for sighters) is not allowed. A sample target will be posted at the firing line.
3. Each shooter will fire a LINE consisting of three (3), eight shot (8) STRINGS for record. Each STRING will be followed by shooters making their rifles safe, moving to the targets, scoring each “poker hand” (best five of eight cards), then pasting their targets. The winner of a STRING is the shooter with the highest valued “poker hand”
4. The Shoot fee will be \$12 PER LINE. \$4 of each shooter’s fee will be put in a prize money “pool”. The winner of a STRING is the shooter with the highest valued “poker hand”. For example, if six (6) shooters fire a LINE, there will be \$8 in the “pool” for each STRING fired.
5. Minimum of twenty-nine (29) rounds required per Line. Military ball or commercial soft point ammo allowed – no Tracer rounds please. Each shooter may fire up to five (5) sighter rounds at the sighter target prior to beginning the line.

RANGE COMMANDS AND FIRING SEQUENCE

When ordered by RO, Shooters will bring equipment to the line (chamber flags reqd). Shots may be fired from any position except from a bench.

3 MINUTE PREP TIME - Shooters will be given three (3) minute prep period to set up rests/slings, adjust sights, etc.

SIGHTER ROUNDS - (up to (5) rounds in two minutes)- RO will then command “with up to five (5) rounds, load”. Shooters will then chamber first round, then wait until RO gives command “Targets! Commence Firing!”, then fire into the sighter target. Cease fire when all five (5) rounds have been fired or as commanded by the RO.

LOAD - RO will then command “with up to eight (8) rounds, load”. Shooters will then chamber first round, then wait until RO gives command “Targets!”.

FIRING STRINGS - Each shooter will then fire eight (8) rounds in three (3) minutes. When the RO announces “Cease Fire”, shooters will make their guns safe and insert chamber flags. The RO will announce “the range is safe, advance to the targets for scoring”. Shooters will advance to the targets, identify their scores (value of hand) to the official scorer for recording, and then paste the holes in their target.

COMPLETION OF FIRING - On the command “Cease Fire”, shooters will open actions and remain in position until next RO command. When all strings have been fired, the RO will command “Remove rifles from the line”. When this has been done, the RO will command “the line is safe - you may police your brass and remove your equipment from the line”.
